

**New Research  
confirms what  
we all suspect...**

**Energetic pollution is everywhere** – in our homes, our work places and even in our play spaces! Groundbreaking experiments conducted at UC Irvine as part of a collaborative research project by **Prof. Joie Jones** and **Dr. Yury Kronn** have made it clear just how much of a negative impact energetic pollution can actually have on living systems.

*Thanks to Dr. Kronn's Vital Force Technology, there is something we can do about it. As an outcome of this research Dr. Kronn has formulated a remarkable new product for protecting your home and workplace from energetic pollution.*

## ENERGETIC POLLUTION SOLUTION

The prototype of the **Clean Sweep Spray** was originally used in controlled laboratory experiments to assess how energetic pollution might influence the healing of cells damaged by gamma radiation. Benchmarks for healing effects on damaged cells had been established over a period of 10 years. Drs. Kronn and Jones discovered that the success rate of experiments on enhancing the survival rate of cells dramatically improved from 10% to 87% when the laboratory was cleaned with the **Clean Sweep Spray**.

**Clean Sweep Spray is suitable for use in homes, clinics, offices, hotels or anywhere negative energy accumulates.**

**Clean Sweep is a simple cost effective way to clean any space.**

# CLEAN Sweep

## ENERGETIC POLLUTION SOLUTION

**The Clean Sweep Spray** cleans any kind of negative energy. Tangible energetic emanations linger in the environment from all kinds of sources, including distress and suffering, illness, depression, anxiety, trauma, difficult relationships, and negative thinking, as well as electrical devices and equipment. Few people are aware of the fact that these energetic emanations can affect everything from healing outcomes to people's state of mind. The good news is that practitioners who use the spray report the energy released by **Clean Sweep** has an almost immediate effect on many parameters of the human nervous system, as well as relieving emotional tension and creating a sense of well-being and security. It can help to calm and relax aggressive people, soothing negative thoughts and tendencies. Overall, the body's entire system is more relaxed and has more energy for dealing with the rest of life's challenges

instead of trying to counteract the impact of negative energies in the environment.

As it cleans the space, **Clean Sweep** also protects it from the further accumulation of damaging energy for up to two days. However, in areas where negative energy is continuously introduced, it makes sense to use the spray more often. Some people like to use it 2-3 times a day.

***Clean Sweep is all-natural, water-based, contains no chemicals or fragrances and is completely safe for the environment. The energized structured water solution comes in a convenient spray bottle.***
